

Introduction to Bridge – the Foundation Series

If you (or someone you know), are looking for a new hobby – we might have the perfect solution for you!

Come out and learn to play bridge. Meet other like-minded people. Make friends. Start playing and enjoying a new game that stimulates the brain cells.

Introduction to Bridge has been designed to equip players with a foundational framework to build and refine their game. No previous knowledge or Bridge play experience is required.

Antara Keelor, your instructor, is a professional teacher with ACBL Best Practices Accreditation. She enjoys the game herself and makes learning simple, clear and **fun**.

Here is what past students have said about this course:

I highly recommend the ACBL Intro to Bridge course at Calgary's bridge centre. Antara is a knowledgeable bridge instructor with an engaging, interactive style. This course is a fun way to learn the game of bridge with useful tips on playing hands and great explanations of basic bidding concepts. - Linda

This course provides an excellent introduction to bridge covering both play and bidding in a fun, friendly environment. Antara is an excellent instructor, and her enthusiasm and passion make the classes enjoyable and effective. - Christine

I am thoroughly enjoying the bridge lessons taught by Antara. She understands the subject matter very well and has the unique ability to watch her students' faces to be sure that they understand the concept being taught. She teaches with a sense of humour for a subject that could otherwise be dry. However, I believe the most important thing is that she truly cares about presenting well and having everyone understand and enjoy themselves. - Patti

There will be 10, 2-hour interactive classes. Each class is designed with instruction as well as learning activities and play.

Classes: 10:30am-12:30pm; on 10 Sundays, Jan 5th – March 9th

Venue: Calgary Bridge Centre. Centrally located in Ramsay, plenty of free parking available

Address: 1140 8 St SE, Calgary

Cost: \$200. This includes the Student Manual Workbook and a digital copy of the classroom slides.
