

Trustee Election Candidate Statement

Nigel Burton was appointed as Trustee (and first chair) of the Trustees of Cheltenham Bridge Club on 28 April 2021.

My past experience is as Trustee of Age UK Gloucestershire for 9 years (the maximum allowed), I was also chair of the charity for 3 years. My other voluntary work is mainly for the NHS: as Chair of the patient representation panel for genomics in the South West of England; as a patient representative on the Swindon, Wiltshire, Avon and Gloucestershire cancer group and as a director (unpaid) of Healthwatch Gloucestershire.

Prior to retirement I was an actuary working in pensions, insurance and investment and later for the Government as a Civil Servant and at what was then the Department for International Development.

As a trustee of Cheltenham Bridge Club I can contribute to the future of the Club in a way which makes good use of my experience. I hope to be elected for a second term.
