## **ELIGIBILITY FOR PRESIDENT'S AND CAPTAIN'S PRIZES**

The Committee has decided to change the eligibility conditions for the President's and Captain's Prizes. In recent years, these have been based on a minimum number of attendances in the Club over the 30 days prior to the competition, and this has led to a considerable number of exemptions being requested.

Instead, the eligibility conditions will be based on attendances over the calendar year prior to the competition, with a reduced requirement for the forthcoming Captain's Prize in November 2024:

- **Eligibility will be based on attendances in the Club (as a member) over the calendar year prior to the first day of the competition, including Monday, Wednesday and Thursday evenings, the O'Kennedy and Muldoon Cup competitions and also representing the Club in the Massey League. Acting as TD or Volunteer Partner will also be taken into account.**
- **All members who have played at least three times over this period will be eligible to play in the competition.**
- **Only pairs who have both played at least ten times over this period will be eligible to win the main prize (five times for the 2024 Captain's Prize).**

**Robert Wolfe  
Hon Secretary**
