

Nine High Corwen

This year the EBU has introduced a new event the **Nine High Corwen**.

This is a match pointed pairs competition for players whose NGS was 9 or below on the 1st January, 2025.

The national final will be played online (either BBO or RealBridge) on May 31st. Full details can be seen on the EBU's website [here](#).

Northants are able to enter 3 pairs. We are hoping this event will attract a lot of interest and so we will hold a qualifying event.

The county qualifier will be held on Sunday 9th March on RealBridge starting at 13:00. Pairs will play 24 boards with a short break after the first 12. The top 3 pairs will qualify for the national final.

If you would like to enter the qualifier simply email your name and that of your partner with your EBU numbers to northantsbridge.comps@gmail.com

To encourage a high turnout NCBA have decided to make it FREE to enter the qualifier and, in addition, will pay the entry fee of the 3 pairs who qualify for the national final.

So, if you are eligible, why not enter. You might get to represent the county in a national final and then, just maybe, glory awaits!
