

Annual report by Laws and Ethics Committee for year ending 31st March 2020

The Law & Ethics Committee (LEC) did not meet formally during the year.

Four psychic bids were reported during the year: three were classified as green and one as amber. This is a similar rate compared with previous years. No disciplinary penalties were imposed during the year.

A joint training session for directors and scorers was held on Saturday 6th April 2019. The session covered the use of the new premises and, in particular, the AV system, and introduced movements for larger numbers and a new set of movement documentation.

An EBU-led TD training course was held over four Sundays: May 19th, June 16th, September 15th and October 13th. The club paid for five new directors to complete the course to supplement the panel of OBC directors to support the club's growing programme.

Martin Illingworth

Chief Tournament Director
