

Selection Meeting Minutes 28th November 9.30 On Zoom

Attended : Chris Jepson , Peter Clinch, David Telfer ,Mick Carrington, Neil Watts

1 Tollemache results

Overall the team played well, but the result was disappointing as Sussex had ended up joint 4th in a 3 way tie for the last qualifying place. We lost this as we had lost to the teams we tied with. Sussex did really well to get in that position coming from behind which made it a very exciting watch.

Peter and Julian were very steady Andy and Mike were a bit up and down but thankfully a lot more ups than downs. It was good to see Alan and James play well in their first Tollie.

2 Captaincy of the team

This needs to be given more thought especially with 6 pairs. It was discussed whether you need a non playing captain or whether the captain should be the reserve player able to step in should someone drop offline. It was decided that we need to discuss this in conjunction with picking the team and who was available for the roll next year.

3 next Meeting To be arranged when dates are known for presidents cup or any other event we decide to enter a team for
